Re: Human Resources Investigations

Mayor Goode,

This letter is to address the questions you have received regarding an alleged investigation of you for allegations of sexual harassment. I asked the City's Human Resources Department to address whether such an investigation was ever conducted, and H.R. has provided me with the attached memorandum.

As stated by H.R., there have been no investigations of sexual harassment as there have been no allegations of sexual harassment made against you at any time in your service with the City of Prescott. If you have any questions or additional information, please contact me.

Sincerely,

/s/ Joseph Young

Joseph Young
City Attorney
